## **JZR diesel engine cement mixer**

**Keywords:diesel engine cement mixer,diesel powered concrete mixer**

JZR diesel engine cement mixer is diesel powered concrete mixer, which is a device that homogeneously combines aggregate, such as sand or gravel, and water for concrete and designed with rotating mixing drum. And this mixer can be moved to other working site by trailer dragging.

### **The features of JZR diesel engine cement mixer**

- ◆ Adopts hydraulic operated hoppers or hydraulic tipping hoppers
- ◆ For gas/oil/diesel powered mixers, always shut off before fueling
- ◆ Adopts automatic water control system or a water pump for water circulation to keep the water temperature to be stable and reduce water waste
- ◆ Installed with easy-to-clean steel chassis, reduce the maintenance cost
- ◆ High specification gearbox also can make routine maintenance fast and simple
- ◆ Electro-hydraulic discharge gate operation with 16HP power
- ◆ Air Intake Vent can make the concrete uniform
- ◆ Bipyramidal reversal discharging
- ◆ Manual loading and on wheel for easy dragging with lockable engine compartment

### **The advantages of JZR diesel powdered concrete mixer**

1. Electric power supply, driven by fuel without power or Built-in diesel engine, without electrical power

2. Adopts high quality greasable tapered roller bearings on a large diameter shaft make drum rotation and emptying quick and easy
3. Adopts high quality feeding flange to increase the tightness
4. Conveying all types of related materials, such as cement, fly ash, coarse aggregate etc.
5. Conveying capacity can be designed in large size in the new technology

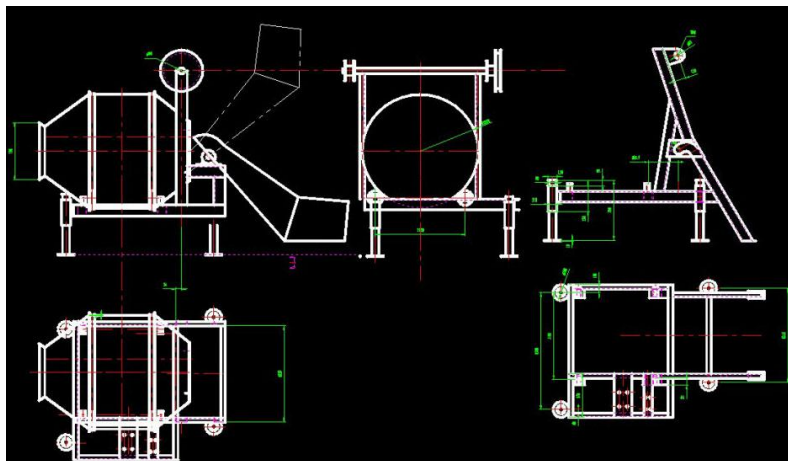

JZR diesel engine cement mixer can also be designed with electric motor, can be used for large projects or small projects. And the diesel powdered cement mixer is driven in a clockwise direction by cut gear transmission.

#### **Some requirements for JZR diesel engine cement mixer**

- ◆ A hydraulic universal testing which can ensure the cement mixer quality
- ◆ Heavy duty type mixer, suitable for all types of concrete
- ◆ Reversible type, non-tilt mixer
- ◆ Should be hot dip galvanized or coated the protection wear to increase the service life
- ◆ Three-blades mixing star-driven in an anti-clockwise direction
- ◆ Designed with automatic operation and remote control
- ◆ Upper and lower limit switches and upper emergency limit switch

JZR diesel engine cement mixer or diesel powder concrete mixer spare parts can be optional in the standards or specifications. Welcome to learn more information and email to DASON.

### JZR diesel engine cement mixer main technical specifications

Model	JZR350W Wire rope hoisting tipping hopper)	JZR350H Hydraulic tipping hopper	JZR500H Hydraulic tipping hipper)
Discharging volume	350L	350L	500L
Charging volume	560L	560L	800L
Water tank (Optional)	110L	110L	110L
Capacity	10-14m <sup>3</sup> /h	10-14m <sup>3</sup> /h	18-22m <sup>3</sup> /h
Power source	Diesel engine, single cylinder, water-cooled with battery starter		
Power	16HP	16HP	18HP
Drum rotating-speed	13r/min	13r/min	13r/min
Max. dragging speed	20km/h	20km/h	20km/h
Dragging	2 tyres	2 tyres / 4 tyres	2 tyres / 4 tyres
Total weight	1850kg	1790 / 1840kg	2150 /2200kg
Dimension	3100x2320x3070mm	3250x2240x3200mm	3750x2240x3800mm
